EXPERIENCE

2009-Present Zeekee Interactive Web Programmer

Currently working with Zeekee Interactive to bring to life the creations of the staff Graphic Designers. I take the site designs from .psd to the final product you see onscreen through HTML, CSS, Flash and integration with multiple backend CMS packages.

2007-2008 Southern Progress Web Designer

Worked in the Consumer Marketing department as the digital designer. Designed & built out any number of online marketing pieces for the suite of magazines published by SP. These included banner ads, pop-ups, order forms, etc.

Present Freelance Web Design / Programmer

Work with several clients as a sub-contractor to build out client sites and to integrate existing sites into CMS packages.

Previous work included working with Raycom Media for over 4 years, where I was responsible for all aspects of the Robert Trent Jones Golf Trail's online presence.
